

# PLACES TO LAUNCH

# PLACES TO LAUNCH

So everyone likes to explore, right?

Check out the map below for places to visit, park and launch from. We've added photos sent in by the group members too.

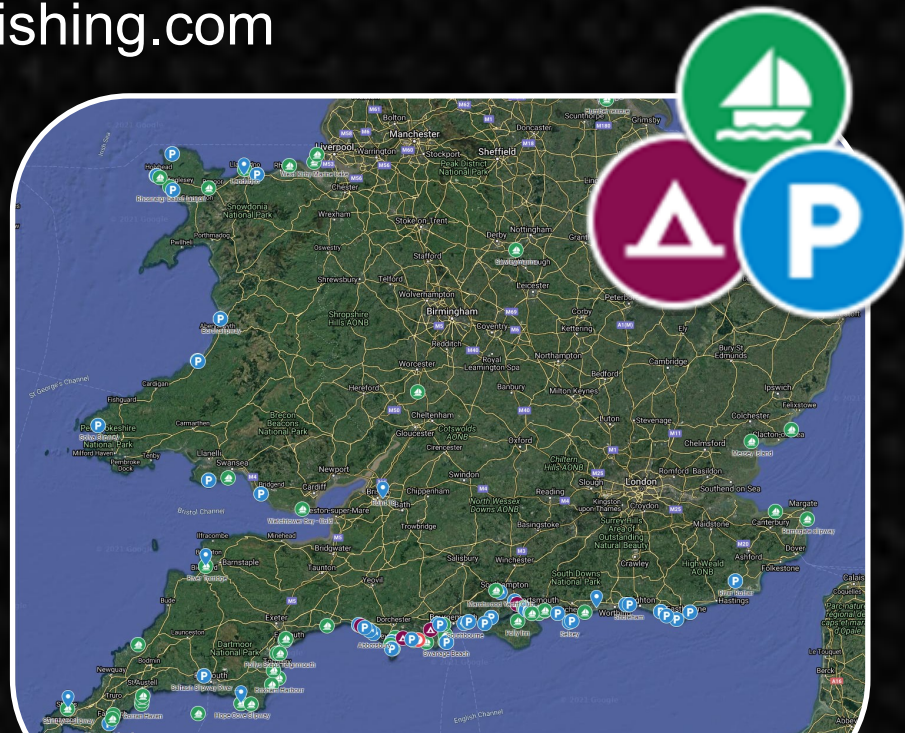

If you have anywhere to add to the map then please drop us a fishing line at:

[carlo@inflatableboatfishing.com](mailto:carlo@inflatableboatfishing.com)

If you can, include photos, details of fish caught and things to look out for, places to eat & drink etc. With fishing from an inflatable boat becoming more and more popular the need for places to visit becomes ever greater.

Simply click on the map below then drag and zoom to where you are or plan to visit to see if there is any local knowledge or photos to view.

Enjoy...
