'Inflatable Boat Advice - Fun, fishing & friendships. SIBs only'
*"The original and biggest **FREE** inflatable boat advice group on Facebook."*

THE EXPERIENCE

Situated in West Sussex, Shoreham-By-Sea, the lighthouse is an ideal venue to host this years **SIBFEST 21**.

“The last couple of years we've had quite a few memorable meet ups along the South Coast.

Obviously this year it all depends on the restrictions and what people feel safe doing.

With members of the Facebook advice group so far afield it's hard to choose a location that suits everyone.

As the Shoreham Lighthouse meet-up went so well last year we've decided to return this year.”

Carlo Lupi

Director

Inflatable Boat Fishing Ltd

DAY 1 - SATURDAY 29TH

LOCATION

Littlehampton slipway.

Postcode: BN17 5DS

What3Words: 'beams.indoor.fixed'

Tide: Low tide 8am - High tide 2pm

WHAT TO EXPECT

10-11am

A leisurely start to the weekend meeting at Littlehampton slipway with the option of breakfast in the slipway cafe.

The slipway is nice and wide with plenty of room for us all to set up. Cost £10 to launch plus Pay and display parking right next to the slipway.

High tide is 2.20pm. The Black Rabbit pub is an hour and a half up river passing Arundel castle.

12.30-1PM

Leaving around 12.30-1pm going with the tide to arrive at the pub for 2ish. Quick pint then coming back with the tide. Speed restrictions must be adhered to.

For those that prefer to fish, the King merely reef is not far from Littlehampton where the Arun joins the sea - rightly famous for its Black Bream fishing + bass and other species.

NB. Currents can be fast on the Arun so don't go underpowered

DAY 2 - SUNDAY 30TH

LOCATION

Newhaven slipway.

Postcode: BN9 9BY

What3Words: 'lakeside.took.during'

Tide: Low tide 9am - High tide 3pm

WHAT TO EXPECT

9am

Arrive for nearby breakfast. Morning low tide is 9am, a bit muddy so should be avoided. Need to avoid the ferry leaving at 10.30. Afternoon high tide is 3pm

10.45am

Heading out of the harbour you have a few marks out and to the West, with Seaford to the East. Good Plaice drifting in the calm wide bay.

This is where everyone can either split up and do their own thing or stick together in smaller groups.

A bit further past Seaford you have the white cliffs with a lovely stretch of beach that would make a perfect catch and cook meetup in the afternoon. Alternatively just stay out all day returning to the slipway with plenty of high tide after 3.30pm.

DAY 3 - MONDAY 31ST

1. SHOREHAM LIGHTHOUSE

Postcode BN436RG

What3Words 'drive.ashes.cost'

Free parking next to the RNLI with a short stretch of shingle beach. Slightly longer at low tide. Half a mile up river from lighthouse.

2. EMERALD QUAY

Postcode: BN435JH

What3Words: 'shed.glow.s.forgot'

Very small slipway so launch one at a time, parking a short walk away. Launch and recovery two hours either side of high tide to avoid the sludge. Shops nearby.

3. CLOSE TO SHOREHAM YACHT CLUB

Postcode: BN436RF

What3Words: 'union.basically.lends'

Opposite the lighthouse. Plenty of free parking with a short but relatively steep shingle beach to launch from.

DAY 3 - MONDAY 31ST

WHAT TO EXPECT

Morning low tide is 10am. Afternoon high is 4pm so nice and easy to come back up the shingle.

Going out from the harbour you have all the rocks, wrecks and reefs of Brighton & Hove within 2 or 3 miles to the East.

Wide range of species to chase including; bass, plaice, bream, rays, wrasse and smoothhounds to mention a few.

For those who prefer a more gentle day, then setting up a couple of hours before high water you can have a beautiful trip up the river Adur taking in the downs, the beautiful countryside and pubs such as the bankside King's Head in Bramber. Ideal picnic venues. Pull in to star gap public hard if you want to buy supplies in Shoreham Town centre.

We look forward to seeing you there...
